FOUR-STORY OFFICE BUILDING.

To Be Erected on The Present Site Of The Allen House.

Last evening after The Telegram had gone to press, a deal was consummated by which the Allen House property just east of the federal court house and postoffice building becomes the property of the Southern Guarantee and Investment company.

The present frame building, occupied by Mr. W. B. Allen, as a hotel, will be removed and in its stead will be erected a handsome four-story brick building. The work will be commenced at an early date—just as soon as plans can be perfected and the contract let.

Mr. E. P. Wharton, speaking of the object of the building to a Telegram man, said: It will be an office building exclusively. According to the present plans it will be 52x120 feet, four stories high. It will be equipped with modern appliances and conveniences throughout, first-class and strictly up-to-date, with elevator. It will be heated by steam and hot water.

The building will contain about sixty splendidly arranged office rooms, and it is already arranged that in it will be located the home offices of the local insurance companies, the Southern Stock-Mutual and the Underwriters.

This news, following closely on the announcement of the five story building on South Elm street for the Simpson-Shields shoe company, is interesting to Greensboro people.

In the meantime, while preparations are being made for the erection of the new building, Mr. Allen will continue business at the old stand. Announcement of his removal will be made in due time.

A PRETTY PROCLAMATION.

Mayor of Yauco Rejoices Over the Stars and Stripes.

When the troops took possession of Yauco the mayor of that town promptly issued this proclamation:

"Citizens. On today citizens of Porto Rico assist in one of her most beautiful feasts. The sun of the Americans shines upon our mountains and valleys this day of July, 1898. It is a day of glorious remembrance for each son of this beloved isle, because for the first time there waves over it the flag of stars, planted in the name of the government of the United States of America by the Major General of the American army, Senor Miles.

"Porto Ricans, we are, by the miraculous intervention of the god of justice, given back to the bosom of our mother America, in whose waters nature placed us as a people of America. To her we are given back in the name of her government by General Miles, and we must send our most expressive salutation of generous affection through our conduct toward her valiant troops, represented by distinguished officers and commanded by the illustrious Gen. Miles.

"Citizens, long live the government of the United States of America! Hail to their valiant troops! Hail to Porto Rico, always America.

"El Alcalde, Francisco Megia."

MERRITT WANTS MORE MEN

Calls for Fifty Thousand to Meet Any Emergency

Aguinaldo's Forces Threaten to Kill the Bishop and Clergy at Cavite. Spain Wants Information.

By Wire to THE TELEGRAM.

San Francisco, August 2—In reply to a despatch from General Merritt, who has established his headquarters at Cavite, General Merriam cabled that since the departure of Merritt to the Philippines five transports with nearly five thousand troops aboard have sailed for the Philippines. Scarcely had the message been cabled when General Merriam received a despatch from the authorities in Washington saying that General Merritt had asked to have the forces under his command augmented by the addition from twenty to fifty thousand soldiers. General Merritt thinks that with the additional troops asked for, he will be able to successfully meet any emergency or complication which may arise on account of the hostle attitude that the Insurgent General Aquinaldo has assumed toward the American troops.

TO SUPPRESS INSURGENTS.

Washington, Aug. 2—Instructions have been sent to the military and naval commanders in the Philippines to promptly suppress the insurgent forces under Aguinaldo should there appear anything like rioting. These vigorous orders are the result of information received from Rome stating that the Papal authorities were in possession of advices from Manila in which it is learned that the insurgents under Aguinaldo have threatened to kill the bishop and clergy at Cavite. These murders, it is believed, would be the signal for a general massacre.

Grave apprehension is felt by the authorities. The appeal for protection was a surprise to the government officials, but today they make no attempt to conceal their distrust of the insurgent leaders in the Philipines.

OBTUSE SPANIARDS.

Madrid, August 2—The cabinet after discussing the reply of President McKinley to the Spanish peace overtures have decided to send a note to the United States government asking for a more definite expression of the meaning of the words: "Immediate evacuation." Also more definite information with reference to the disposition of the Philippines.

THE POPE'S APPEAL.

Washington, August 2—The Pope has appealed to the United States government to protect the Catholic clergymen and their property from the insurgents in the Philippines.

Madrid, August 2—Carlist newspapers have been suppressed by the government. Advices from Brussels say that bands of Carlists have made their appearance at Lerida in Calonia.

A Female Store-Breaker.

Sheriff Wray, of Reidsville, passed through this morning enroute to Raleigh with a woman prisoner who goes to the pen for two years. She is said to be a Spaniard and was convicted at the last term of Rockingham court, of breaking into a millinery store in Reidsville. This is a rare offence for a woman but not so bad for a Spanish woman perhaps. She is fairly good looking and seemed perfectly happy.

The regular monthly meeting of the board of aldermen was held last night in the mayor's office, Mayor Bradshaw in the chair. Dr. J. J. Cox acted as secretary. As the board were considering the erection of a new guard house (which is badly needed) the police committee was authorized to get up plans and specifications for the erection of the same.

Executive Committee of State Fair Issues Regulations.

At a recent meeting of the executive committee of the North Carolina Agricultural Society, says the Morning Post, the following resolutions were adopted and the secretary was directed to have the same published for 1898, and to give them special prominence:

1. The executive committee has authorized the letting of only such privileges as are required to satisfy the necessary wants of the people, or that may add to their comfort, convenience and pleasure, but under no circumstances will privileges of a questionable nature or of a demoralizing tendency be sold, or in any manner tolerated on the grounds or in the buildings, nor will any privileges be sold or permitted, where the business is conducted in any other than a legitimate, decent manner.

2. All dining halls, lunch booths, refreshment pavilions and other stands, must be kept neat and tasty in appearance, and supplied with wholesome food and pure goods, for sale to the people at reasonable prices. The executive committee will carefully guard against extortion in any form being practiced on the patrons of the fair, and any such attempts will forfeit privilege holders all rights on the grounds.

3. The executive committee will not sell or grant to any person or persons the privilege of selling, dealing, or bartering in spirituous, vinous, or malt liquors on the fair grounds or in any of the buildings or booths during the holding of the annual fair.

4. No privilege shall be sold, granted, or in any manner tolerated for the operation or exhibition on the grounds or in any of the halls, buildings or booths, of any gambling device, lottery or games of chance of any character whatever.

Renters will note that any business, trade or occupation that is in violation of the above will be rigidly excluded, and violation after admission will be punished by forfeiture of privilege and ejectment from grounds.

A VOICE FROM HAVANA.

Indignation Against the Government Miseries of Reconcentradoes.

London, August 2—The Havana correspondent of the Times in a letter dated July 5th, describes a condition of "growing indignation." He says:

"Though Havana is still quiet, extraordinarily, ominously quiet, as a calm before a storm, there is an ever-increasing feeling against the government's deceit in hiding the truth and spreading false news, apparently with the intention of leaving the people to the mercy of their enemies.

"Famine is slowly tightening its hands. The bulk of the population would already have starved but for the supplies of mangoes, pineapples and bananas. The death rate is extraordinarily high here, and still worse in other parts of the island.

"In some settlements half the reconcentradoes have died since war was declared."

EXTRA SESSION PROBABLE.

To Pass Laws to Retain Troops For Garrison Duty.

MARCHING TOWARD SAN JUAN.

After The Cabinet Meeting Today The Terms of Peace Were Announced as Appears Below.

By wire to THE TELEGRAM.

Washington, August 2—It is asserted that President McKinley will call an extra session of congress as soon as Spain accepts the terms of peace which have been offered. It has always been understood that the senate would be convened as soon as a treaty of peace is ready to be acted upon by that body.

Now, it seems, the attention of the president has been called to a section which makes the assemblage of the entire congress necessary. Under the law which provides for raising a volunteer army there is no provision for keeping the army intact when the war ceases. When the law was framed it was not supposed that this would be necessary. At that time it was not seen that garrisons would be required in the Philippines or in Porto Rico.

That these islands will be American possessions as developments of the war makes it very evident that fully one hundred thousand men will continue to be needed. However, as matters now stand the volunteer army will be disbanded and there will be only twenty-seven thousand troops available, and the aid of congress to frame and pass new laws to keep an adequate army for garrison purposes will be asked.

THE TERMS OF PEACE.

Washington, August 2—The terms of peace, as officially given out, made by the United States to Spain specify that Spain must evacuate and relinquish all claim to Cuba. The Island of Porto Rico must be evacuated and ceded to the United States and also all of her other West India Islands. One of the Ladrones Islands must be ceded to the United States. The city, bay and harbor of Manila will be held pending the conclusion of the treaty and a decision as to the future of the Philippines. No indemnity is asked.

MARCHING MERRILY ON.

St. Thomas, August 2—The American troops have reached Coamo, which is sixteen miles northeast of Ponce, on the road to San Juan. No resistance was made.

CABINET IN SESSION.

Washington, August 2—The cabinet is now in regular session. It is expected that a statement of the terms of peace which have been made to Spain will be made public immediately after the meeting.

THE DIXIE'S DEFIANCE.

Takes a Shot at El Moro in Passing San Juan.

St. Thomas, D. W. I., Aug. 1—The United States auxiliary cruiser Dixie, formerly the El Sud, left Saturday for Ponce. She scouted along the north coast of Porto Rico, spoke the Prairie, Montgomery, Puritan, New Orleans and four transports, overhauled an English bark and passing in close to San Juan, fired a defiant six pounder, striking the base of El Morro.

The Spaniards made no reply. In the entrance to San Juan harbor the Dixie saw two masts and a chimney, evidently of a steamer sunk by Spaniards to block the passage.

The Dixie arrived at Ponce Saturday evening, where she found the Columbia, the Massachusetts, the Cincinnati, the Gloucester and ten transports.

The armored cruiser New Orleans arrived here yesterday (Sunday) accompanied by a collier. The New Orleans signalling her not to enter, as the cruiser would not be permitted to take her coal.

Later in the day the collier proceeded westward

GOVERNOR JARVIS TALKS.

He Says There Is a Ground Swell Toward Democracy.

Governor Jarvis returned to Raleigh yesterday from Robeson county. He was greatly pleased with what he saw and heard in that county and section, and feels that there is a ground swell that will carry the party of the white man and the white metal to victory in Robeson and in the state.

"I spoke at Hornellsville," he said, "the township that held the democratic banner before the unfortuate divisions that came into the party in 1892. Then very many of the best democratic workers, thinking they could better their condition, went into the populist party. They now see that the party they helped to organize cannot bring good government to the people and that locally it has resulted in giving the republicans control of the county government in the east. These men, who had no desire to bring about such conditions are now resolved to leave no stone unturned to restore the rule of the white men of the state. They are back with us and they are zealously at work to persuade their populist friends to come back to the fold.

"It is a fine section of the country" said Governor Jarvis. "The crops are good, the people are in good humor, the white folks are looking for the best means to restore good government in the state, and there is a ground-swell in that section of the state toward the democratic party."—News and Observer.

FOR STREET CARS.

We belong to that class of citizens who have faith in the future of Greensboro, as well as in the present. We can see the scales falling from the eyes of those who have been looking at Greensboro through fogyish ideas. People here are broadening the range of vision and we are no longer content to let the city wag along at the old gait. The people are waking up and getting in earnest, and it is time.

Greensboro needs a street car line. That is a simple, plain and emphatic proposition; but it is true.

Why?

Here is a city growing at a rapid pace, throbbing with vim and life and bulging over the bounds into which she has for years been confined. This and more is proven in the partial enumeration of last year's improvement, by the president of the Industrial and Immigration Association, in his last annual report, which was printed in full in these columns.

One remarkable fact about the growth of Greensboro is that it does not appear in the nature of the modern "boom." There is absolutely no excitement about it; no feverish and reckless buying and selling of lots; no lottery business. On the other hand it is regulated and superinduced by the natural law of "supply and demand."

By reason of splendid geographical location, unexcelled railroad facilities, naturally a charming site for a city, situate in the midst of a thrifty and prosperous agricultural section, the demand has been created in a perfectly legitimate and natural manner. On the manner in which this demand is met depends the future growth and development of Greensboro. Under what conditions can she best reach the position in the list of cities to which she is destined?

We submit in this article that a street car line is an absolute essential. With a population approaching the fifteen thousand mark, with four great colleges in our suburbs, with Summit avenue being lined with modern houses, with the widening and broadening of the residence part of the city, (which is not confined to one section or corner) with our suburban mills and manufactories there is a demand for transportation which a street car system alone can supply.

But will a street car line pay?

This is a question concerning which we have little doubt. In fact, we are decidedly of the opinion that it would pay. It would grow and its earnings would increase with the growth of the city. Each would help the other. Just as railroads build up and improve a country, street cars build up and improve a city. In the reverse order just as prosperous stations and cities are indispensable to the prosperity of a railroad a live and hustling town turns dollars into the coffers of its street railway.

This is one of Greensboro's most urgent needs. We have reached the point where a street car line is an imperative necessity. If we are much longer deprived of it our growth will thereby be checked.

With this year the present street electric light contract expires, and a new contract will have to be made. Now is the most favorable time for making a strike for street cars. Secure bids for running electric cars in addition to lighting the streets and let the same company run both. We repeat now is the opportunity to strike a blow for Greensboro that will be productive of more fruitful results, perhaps than any one thing in sight.

Let our thinking business men consider this matter. Let the Industrial and Immigration Association put its shoulder to the wheel. Get at it in earnest and results are certain. Strike while the iron is hot!

ONE DEFIES A THOUSAND.

Infuriated Negro Soldiers Attempt a Lynching.

Atlanta, Ga., August 1—A serious riot was narrowly averted this afternoon at Fort McPherson and but for the prompt arrival of the corporal of the guard and a large squad of men, together with the assistance of Marshal Ryan, of Oakland, one man would in all probability have been lynched by an infuriated mob of soldiers. A fight took place between a negro by the name of McGinnis and one of the negro soldiers stationed at the post in which the latter was dangerously if not fatally cut.

After the cutting, a crowd of negro soldiers made for McGinnis, who immediately fled to a house and crawled under a bed to escape the mob that was in pursuit.

The crowd, which by this time numbered nearly a thousand, surrounded the house. A number of the soldiers entered and discovering McGinnis under the bed, pulled him out and began beating him with sticks and rocks. Lieutenant Hill, with a large squad of men, arrived on the scene, and entering by way of a window, attempted to rescue the negro from his captors. McGinnis, who was bleeding profusely from a score of wounds, made a dash for liberty, but was met at the front door by Marshal Ryan who caught the negro and held him.

When the crowd saw McGinnis on the porch of the house, an effort was made to take him from the marshal and cries of "kill him," "lynch him" were heard on every hand and for a time it looked as though they would make good their threat. Bricks, rocks, clubs and other missiles were thrown by the mob at the prisoner and those who had him in charge and Marshal Ryan received a painful blow on the right leg from a flying brick. The crowd was pressing the marshal and those with him to such an extent that it became necessary for him to draw his revolver and with this he held the mob at bay until reinforcements arrived from the barracks.

About one month ago my child which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera, Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by C. E. Holton.

Spoiled the Rescue.

Major Tom Williams some time ago told me the story of one of Colonel Gib Wright's adventures in South Carolina in the closing months of the war.

It seems that General Kilpatrick, the Federal cavalry commander, had captured a number of Confederates, and Wright was anxious to rescue them. He called for volunteers to go with him into the enemy's camp at night and picked out the men he needed from those who responded.

The Federal troopers were snoozing quietly in their camp and on both sides of the road leading to it, and their prisoners dozed by a fire near the center.

Just how they got there would be hard to explain, but shortly after midnight Gib Wright, at the head of a few men, rode at a gentle pace into the camp.

The drowsy Federals took them for a party of their own men returning from a scout, and paid no attention to them. Everything was working smoothly until one of the prisoners caught a glimpse of the newcomers. The fellow lost his head and ruined the whole business. He leaped to his feet and looked into the faces of the advancing Confederates.

"Horray, boys!" he shouted in his delirious delight. "Hang me, if there ain't old Gib Wright and his crowd. Durned if the whole Confederate army ain't right behind him!"

The prisoners all rushed forward with the regular rebel yell, and the sleeping Federals suddenly became very wide awake. From every side they showered bullets on their visitors, and Wright and his men had almost a miraculous deliverance. Several were killed and wounded, but the leader and the majority of the party managed to get away.—Atlanta Constitution.

Getting Up.

The Duke of Wellington slept on an iron camp bedstead 18 inches wide and argued that "when a man wants to turn over it is time to turn out." Edward Everett Hale quotes this remark of the duke in the "Ten Times One Record" and takes issue with him. "The principle is well enough," says Dr. Hale, "but I think the detail is wrong. Sleep is far too important to be made uncomfortable." Dr. Hale goes on to tell of various ingenious devices for automatically waking a sleeper. A friend of his fixed his alarm so that at the foreordained moment the bedclothes were dragged from the bed. The same gentleman found another contrivance which worked better. "The alarm struck a match, which lighted the lamp which boiled the water for Rossiter's shaving. If Rossiter staid in bed too long, the water boiled over upon his razor and clean shirt and the prayer book his mother gave him and Coleridge's autograph and his open pocketbook and all the other precious things he could put in a basin underneath when he went to bed; so he had to get up before that moment came."

A Generous Admission.

The London Graphic tells the following story about Hans Richter in an article on conductors:

Dr. Richter's popularity with his men is easily intelligible, for while nothing escapes his argus eyed vigilance he always recognizes and acknowledges good work. A few years ago, while he was conducting—from memory, as usual—one of Brahm's overtures at St. James' hall, "a strange thing happened," as Mr. Haggard used to say. Band and conductor lost touch for several bars, and when the piece was ended Dr. Richter signaled to the orchestra to play the overture again from the beginning. This time everything went without a hitch, and at the close Dr. Richter turned round, and addressing the audience said, "Ladies and gentlemen, the mistake was mine, not the orchestra's," a generous admission which provoked a salvo of applause.

The Grandest Remedy

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovesy is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C. E. Holton's drug store.

Tumor In the Breast Cured

Six or seven years ago I had a lump so known to come in my breast which made it swell so much that it became so hard I could not make a dent in the breast. It was so painful and caused me to suffer so that some nights I could hardly turn in the bed or rest. Nothing did me any good, and I was very uneasy, not knowing how it would terminate. I used one-half dozen bottles of Mrs. Joe Person's Remedy, without stopping on it, and it made a perfect cure of me. The lump disappeared gradually and I have never had any trouble from it since.

DEMOCRATS SWEEP ALABAMA.

Majority in the State Large Even for an Off Year.

Montgomery, Aug. 1—Democrats carried Alabama in the state election by a majority estimated at thirty thousand. They have elected their state ticket, the entire judiciary, about 110 of 133 members of the general assembly, and county officers in about four-fifth of the counties in the state.

The vote in most of the counties was exceedingly light, owing to the lack of interest in the campaign, occasioned by the distractions of the Spanish war and the certainty of democratic success.

No undue excitement is reported at any of the polling places in the state.

The prohibition ticket received only a few hundred votes. The bolting negro ticket fell far short of expectations and the white republicans, whose state convention recommended the support of the populist ticket, divided their strength between that ticket and democrats. In close counties they supported populists, but in counties like this the better element voted for the democratic nominee as being most representative citizens.

TWO KILLED IN A WRECK.

A Troop Train on the Central Run Into by a Freight.

Atlanta, August 1—A freight wreck, in which two men were killed and four or five injured, occurred on the Central railroad, at Fort McPherson today. A train bearing soldiers bound for cmap at Lithia Springs, was run into by a freight train. Both engines and trains were badly wrecked, cars being piled one upon another. Bodies were torn in parts and hands, arms and legs were found lying about.

The dead are: Daney Vaugh, a fireman, taken from under wrecked engine, dead and badly mutilated; an unknown man, arms and legs recovered, but trunk still under the wreck.

Wounded: J. J. Green, engineer, seriously cut, bruised, badly mashed and in a serious condition; Gus Wallace, badly mutilated; is still alive, but cannot survive; —— Chambers, fireman, very seriously mashed, may recover.

Punctuated the Spanish.

Admiral Cervera made a gallant — out of Santiago harbor, but Commodore Schley brought him to a . before he got very far, and enabled Admiral Sampson to wire home: "Here is a Fourth of July present from the fleet under my ,nd." It is a ? whether any of the Spanish ships can be saved, although Naval Constructor Hobson is trying very hard to make a : out of a fine cruiser, which the Brooklyn and the Oregon left a mere ; on the Cuban beach. Our ships certainly punctuated the Spanish squadron with shells. —Charlotte Observer.

Two Points of View.

"I've never seen times as hard as they are now," complained a citizen in the broadcloth suit and high silk hat, grudgingly counting out $960 and handing it over to the tax collector. "It's been all I could do to raise this money. The only thing for a man to do who has any property in this town is to sell out and move away before he is taxed out of existence. If the fellows that owe me money would only"—

At this point the county officer, with the pen behind his ears asked him if he wouldntt stand aside. He was in the way of a horny-handed, cheerful-looking citizen in a blue check shirt and brown overalls, who wanted to pay the tax on six dogs.—Chicago Tribune.

Miss Mabel Montgomery and her brother, John, left today for Lynchburg, Va., where they will reside in the future.

Mrs. E. J. Kidd and Miss Rena Kidd, of Bristol, Tenn., arrived in the city at noon today and will spend sometime visiting Mrs. B. S. Phillips on South Elm street.

L. C. Howlet, familiarly known as Judge Howlet, has returned from Mt. Vernon Springs, smiling, healthy, and happy. He left at noon for Raleigh to attend the grand encampment of the I. O. O. F.

Edney Ridge left yesterday on his bicycle for Mt. Gilead. It is an eighty mile trip but he expected to make it in one day. Though Edney is a good rider it is most probable that he changed his mind before noon.

The brick building known as the Vernon House is to be moved to the rear of Clegg's Hotel and will be placed fronting South and Buchanan street. Today the foundation is being dug under and timbers placed preparatory to moving it.

What are you going to do with that boy of yours? The catalogue of Oak Ridge Institute helps you to answer this question in the most satisfactory manner. Profs. Holt discuss the question at length, in the light of their twenty-three years experience. Write them.

The inventory at Matthews, Chisholm & Stroud's preparatory to Mr. W. R. Rankin taking stock with them and joining the firm, is over, and they are now open for business. Mr. Rankin is prince among clothiers, and is strong addition to this already popular firm.

W. A. Porterfield, of the firm of W. A. Porterfield & Co., stock brokers and dealers, of Washington, D. C. was in the city last night visiting the branch office of the firm at this place. The office here is in charge of Mr. F. A. Burgin and is in a prosperous condition.

See the new ad of J. Van Lindley. The season for celery plants being near the close he today advertises Japanese plum trees. Order now for fall delivery. The season, however, for planting celery is good, we believe, through August, and he has a new lot of plants ready.

The firm name heretofore existing as the Fishblate-Katz-Rankin Co., has been changed to the Fishblate-Katz Co., who will continue to do business in the clothing and gents' furnishing goods line at the old stand—the mammoth store opposite the McAdoo House. See their new announcement today in the advertising columns.

With pleasure we direct your attention to the new ad today of C. M. Vanstory & Co., than whom there is no more reliable clothing dealers in the state. Always up with the times in latest seasonable goods. You cannot fail to get just what you want in clothing, cuffs, collars, neckwear, hats and gents' furnishing goods in general.

Greensboro to Mocksville.

Mr. Conrad has sent us one of his excursion bills announcing the trip to Mocksville. It is elegantly gotten up and provides a good bill of fare. The train leaves here at 8:00 o'clock and arrives at Mocksville at 10:55. Returning leaves Mocksville at 5:50 p.m. Half an hour stop will be made at Yadkin River to see the Electric plant which lights up and runs the street cars and machinery of the Twin-City. The round-trip is remarkably low—only $1.25, while the round-trip from Winston is put at $1.00. Mr. Conrad assures everything to be first-class.

The Lawn Party Last Night

The lawn party given last night on Mr. R. L. Vernon's lawn, on Asheboro street, was a success in every respect. The Busy Bees of Saint Andrews church have been busy making arrangements for some time and the waiters were kept busy last night serving cream, cake and other refreshments.

The cake walk was heartily enjoyed by the large crowd present. The prizes were won by Miss Harris and Mr. Glenn.

All the cream was sold in a short time and the ladies realized a neat sum.

Lawn Party Tonight.

The Emma Gray Missionary Society, with the permission of Jupiter Pluvious, will give a fete this evening on the beautiful lawn of the First Presbyterian church. All kinds of Klondyke dainties, lemonade and other seasonable delicacies will be served by the young ladies.

The lawn has been tastefully and beautifully decorated in the national colors. Go out and aid a worthy cause.

Firemen!

There will be a meeting of the fire department Wednesday evening, August 4th, at 8:15 o'clock, in the hall of Steamer Co. No. 1. Every member is expected to be present, as business of importance will come before the department—appointing committees, etc. for the coming tournament.

By order of the Chief.

E. L. Clark, Secretary.

Lawn Party in the Country.

The ladies aid society of Buffalo church will give a lawn party in the church grove tomorrow (Wednesday) night and requests us to say that they will be glad to see all their Greensboro friends out.
